## Kushandika

### Establishing the fire (place)

In the place of the sacrifice, an elevated plot of earth (or a mound of sand one thumb length in height) should be prepared measuring a circumference of four hastas plus four fists .Each side being 1 Hasta (length between elbow and middle finger), plus the width of a fist, cleared of all hair, grain husks, cinders, bones and gravel. The plot of earth should either slope from east to north or be completely level. If performed outside, the entire sacrificial area should first be anointed with cow dung and the fire-place, hereafter called the sacrificial altar or sthandila, should be enclosed within a shaded pavilion.

After cleaning himself by properly bathing and performing acamana, the priest who is performing Kusandika should dress himself in two garments. He should sit on a kusa mat on the west side of the fire facing east. To the north of the sacrificial altar (on his left) he should place a copper or clay pot filled with water to be used for sprinkling. It should be mixed withkusa grass, fragrance, flowers, tulasi, barley, betel, haritaki, unhusked rice, durba, sesame seeds, sandlewood, turmeric and white mustard powder. Use as many of these substances as are obtainable.

### Panca-Rekha the five lines

Then, kneeling on his right knee, he draws all the required lines on the sacrificial altar. Taking a kusa grass stalk in his right hand he should draw five lines.

The first line is drawn from west to east, starting in the south/west corner, 2 Pradesha long (1 pradesha is the length between stretched thumb and middle finger), and should be decorated with yellow dye while chanting:

Om rekhe tvam prthvi-rupa pita-varnasi  
while meditating on the female form of the earth personified.

Starting from the point where the first line was begun, another line should be drawn toward the north (from S/w corner to N/W corner)the length of 3 Pradesha and decorated with red dye while meditating upon the personified form of a cow and chanting:

Om rekhe twam go-rupa lohita varnasi

Starting from the point on the red line which is 1 Pradesha away from the yellow line, the third line is drawn from west to east the length of 1 Pradesha and decorated with black dye while meditating upon the female form of the Yamuna river personified and chanting:

Om rekhe tvam kalindi-rupa krsna varnasi

Next, starting from the point on the red line which is 1 Pradesha north of the black line, the fourth line is drawn from west to east 1 Pradesha in length . This line is decorated with gold color while meditating upon the personification of Laksmi-devi and chanting:

Om rekhe tvam sri rupa svarna-varnasi

Starting on the extreme north end of the red line, 1 Pradesha north of the gold line, the fifth line is drawn from west to east, 1 pradesha in length . This line is decorated with white color while meditating upon the personification of Sarasvati-devi and chanting:

Om rekhe tvam sarasvati-rupa sukla-varnasi

Utkara Nirasana (expelling the impurities)

The priest should take a pinch of earth from each line with the thumb and ring finger of the right hand , simultaneously collecting with the mantra:

om̄ prajāpati-viṣṇu ṛṣih  
gāyatrī chandah  
śrī-viṣṇur devatā  
uatkara-nirasane viniyogaḥ

And throwing the piched earth colors when saying the word parāvasuh to the north east corner with the mantra:

om̄ nirastah parāvasuh

(“The depleter of fortune has been thrown out and destroyed.”

Rekhābhuyksana- Sprinkling the lines

The priest should then sprinkle the lines with water from the previously stationed pot of auspicious ingredients.

Agni Samskar and Agni-Sthapana

Wrap two sticks of wood with cotton and soak in ghee one for Agni Samskar, the other for Agni-sthapana

## Agni Samskar

Light first stick from fire with the mantra:

om̄ prajāpati viṣṇu ṛṣih̄  
triṣṭup chandaḥ  
śrī-viṣṇur devatā  
agni-saṁskāre viniyogah̄

And then say the mantra:

om̄ kravyādam agniṁ prahinomi dūram  
yamarājyo 'gacchatu ripravāhah̄

Place the stick beyond the sand outside of the sthandila on the Southwest corner .

(“I cast the inauspicious fire in charge of burning corpses far away. May those who oppose this rite go to the kingdom of death.”)

## Agni-sthapana- Establishing the fire

Then, lighting the second piece of firewood, the priest chants the mantra:

Om prajapati visnu rsih brhati chandah sri-visnuh devata agni-stapane  
viniyogah. Om bhur bhuvah svah om

The stick should be placed upon the black line, its upper part facing himself, A few other sticks may be dipped in ghee and placed upon the sthandila. At this point, the particular manifestation of Agni (the fire) which is prescribed for the sacrifice being performed should be invoked by his proper name as follows:

Om Samudbhava(the name of Agni used for this uanaya ceremony)- namagne ihagaccha. Agne tvam Samudbhava –namasi

By thinking, "Sri visnos teja evayam" (this fire is the potency of Sri Visnu), he should worhsip the fire while meditating upon Visnu with offerings of Incense, flower, water to wash His feet, etc. Articles should be offered in the same manner as was done previously when worshiping Sri Guru, Mahaprabhu, etc.

using this mantra: om samudbhava-namagnaye namah. (ie. idang aasanang om samudbhava-namagnaye namah)

Om bhur bhuvah svah om mahantam virupaksam tvam atmana prapadye, bhagavata-virupakso 'si dantanjih tasya te saya parne, grham antarikse vimitam hiranmayam. ## Upanayana (Upaniti) Ceremony

Pitas (Brahmin Threads) are smeared with a solution of Tumeric & Water in the area of the knots.

The Acharyya stands on the South side of the fire facing North with folded palms. The initiates stand on the West side of the fire facing East, they stand on the left side of the Hotra, the Brahmana priest who offers the ingredients into the fire.

E

N                    S Acharyya (or mantra-chanter)

W

New initiate + "Hotra" ( Brahmana priest)

An assistant to the hotra will sit at a convenient place. The assistant's only duty is to feed wood to the fire to keep it burning steadily.

Initiates and Brahmana standing on asanas

An assistant comes from the north side of the fire and puts water in the hands of first the initiates and then the Brahmana. Their hands are cupped the right in the left.

The initiates should turn around and face the Brahmana. The Acharya then chants the following mantras and the Brahmana repeats.

Om prajapati visnu rsih anustup chandah sri visnu-narayana-vasudeva sankarshano devata upanayane acaryasya manavakam preksamanasya jape viniyogah. Om agantra samagammahi, pra sumartyam yuyotana, aristah sancaremahi, svasti sancaratat syam

Om prajapati visnu rsih gayatri chandah sri visnu-devata upanayane acaryasya manavaka-pathane viniyogah om brahmacaryam agama, upa ma nayasva

The Brahmana chants: (asking the name of the initiate)

Om prajapati visnu rsih gayatri chandah sri-visnu-devata upanayane acaryasya manavaka namaprasne viniyogah,  
om ko naama asi [What is your name?]

The initiate answers with:

Om prajapati visnu rsih gayatri chandah sri visnu-devata upanayane manavakasya nama kathane viniyogah, om (initiate says his name) nama asi  
Afterword everyone drops the water held in their hands to their right side.

The Brahmana chants the following while holding the fingers and thumb of the initiates right hand with his right hand. [When there are many initiates they may all join hands and are considered included in the following procedure.]

om prajapati visnu rsih gayatri chandah sri visnu-narayana-vasudeva-sankarsana devata upanayane acaryasya manavaka-hasta-grahane viniyogah.

om devasya te vishnoh prasave naaraayana-vaasudevayoh baahubhyaang sankarshanasya hastaabhyaaang hastang grbha naami (name of initiate).

om prajapati visnu rsih gayatri chandah sri visnvadayo devata upanayane grhita-manavaka-hastasya acaryasya jape viniyogah,

om vishnuh te hastang-agrahiit, naaraayano mahaavishnuh hastang agrahiit, mukundo prabhavishnuh hastang agrahiit, mitrah tvang asi karmanaa, vishnuh aacaaryah tava.

The Brahmana using his two hands on the initiates shoulders then turns the initiate clockwise. While turning he chants: [When there are many initiates the Brahmin may turn each in succession while the aachaary chants the following mantra once and the Brahmin repeats.]

Om prajapati visnu rsih gayatri chandah sri visnuh-devata manavakasya avartane viniyogah om visnu vikramanam anvavartasva shri (the name of the initiate)

With his hand moving clockwise, The Brahmana puts his hand to the initiate's right shoulder and chants the following while moving his hand from the shoulder to the navel:

Om prajapati visnu rsih gayatri chandah sri acyuto devata upanayane brahmachi-nabhi desa-sparsane viniyogah, om prananam granthih asi, ma visrasah, acyuta tubhyam idam paridadami shri (name of the initiate) followed by "dasa osmi".

With his right hand above the naval of the initiate, the brahamana chants:

Om prajapati visnu rsih gayatri chandah sri narayano devata upanayane brahmacarinabhi-uparidesa sparsane viniyogah, om narayana, tubhyam idam paridadami shri (the name of the initiate) followed by "dasa osmi".

With his hand on the heart of the initiate, the brahamana chants:

Om prajapati visnu rsih gayatri chandah sri janardano devata upanayane  
brahmacari hrdaya-sparsane viniyogah, om janardana, idam paridadami shri  
(the name of the initiate) followed by “dasa osmi”.

With his hand on the right shoulder of the initiate the brahma chants:

Om prajapati visnu rsih gayatri chandah upanahane brahmacari daksina  
skanda-sparsane viniyogah, om visnuve prajapataye, tva paridadami shri (the  
name of the initiate) followed by “dasa osmi”.

With his left hand on the left shoulder of the initiate, the brahma chants:

Om prajapati visnu rsih gayatri chandah sri visnu-devata brahmacari bama-  
skandha-sparsane viniyogah, om visnuve damodaraya tva paridadami shri (the  
name of the initiate) followed by “dasa osmi”.

The brahamana then removes his hand from the initiate. He then chants  
the following to call the initiate: [He can call all of them at once.]

Om prajapati visnu rsih gayatri chandah sri visnu-devata upanayane  
brahmacari-sambodhane viniyogah, om brahmacari asi shri (the name of the  
initiate). [You are a brahmacaari name.]

Next the Brahmin chants the following mantras:

Om prajapati visnu rsih gayatri chandah brahmacari presane viniyogah, om  
samidhim adhehi [Put wood on the fire.]

the initiates reply: om bharam [I will.]

the Brahmin chants: om apah asan [Drink water for purification (aacamana).]

the initiates reply: om bharam [I will.]

the Brahmin chants: om karma kuru [Serve the Guru, Vaishnavas, etc.]

the initiates reply: om bharam [I will.]

the Brahmin chants: om ma diva svapsih [Do not sleep during the day]

the initiates reply: om bharam [I agree.]

The Brahmin then stands on the North side of the fire facing East, the new  
initiate (standing on the East side of the fire) should stand facing him.

The Brahmin picks up a sacred thread and chants:

Om prajapati visnu rsih gayatri chandah shree Vishnu devatah upanayane  
yajnopavit-dane viniyogah, om yajnopaviitang asi, yajnasya tvaa yajnopaviitena  
upanahyaami

The Brahmana chants the following while putting the thread on the initiate:  
[The following mantra may also be used when changing one's Brahmin thread.]

Om prajapati visnu rsih gayatri chandah shree Vishnu devatah  
upanayane manavakasya yajnopavita paridhapane viniyogah  
om yajnopavitam paramam pavitram prajapateh yat sahajam purastat  
ayusyam agryam pratimunca subhram yajnopavitam balam astu tejah.

The initiate folds his hands and then chants the following to the Brahmana:  
(the aachaarya will supply the mantra to the initiate by saying slowly to the  
initiate so he can repeat it.)

Om prajapatih visnu rsih gayatri chandah sri Vishnu devata acarya  
mantrane viniyogah  
om adhiihii bhoh, saavitring me bhavaan anubraviitu. [Sir please teach  
me the Gayatri Mantra by reciting it to me.]

The Brahman assistant teaches the Bramha Gayatri to the initiate by  
chanting the following phrases three times each. Each time the initiate will  
repeat the phrase to learn it. (The initiate should hear with right ear and no  
ladies should listen to the mantra). [An arlternative to this is to simply teach  
the Brahma Gayatri word by word, or phrase by phrase to the initiates.]

om tat savituh varenyang (three times)

om bhargo devasya dhiimahi (three times)

om dhiyo yo nah pracodayaat (three times)

Then:

om tat savituh varenyang bhargo devasya dhiimahi (three times)  
om dhiyo yo nah pracodayaat (three times)

Then the initiate will repeat the full mantra three times as follows:

Om tat savituh varenyang, bhargo devasya dhiimahi, dhiyo yo nah pracodayaat  
(three times)

Then the initiate should recite each of the following Mahaavyaahrtis three  
times.

om bhuur om (three times)  
om bhuvah om (three times)  
om svah om (three times)

Then the initiate should recite the entire Gayatri mantra with the Mahaavyaahrtis three times.

om bhuur bhuvah svah, tat savitur varenyang, bhargo devasya dhiimahi, dhiyo yo nah pracodayaat om (three times)

The newly initiated brahmans now go to beg alms for their guru while the fire yajna continues.

They should approach woman by saying “om bhavati bhikshaam dehi”. (Oh good woman, please give me some alms.)

Men should be approached saying “om bhavaan bhikshaam dehi”. ( Oh sir, please give me alms.)

In both cases when alms are given the initiate should respond with “om svasti”.

## Udicya-karma

(Udicya-karma regularly concludes every Homa)

After making resolution with the mantra, "Om visnuh om tat sat",

Then one should perform prayascitta homa with the following nine mantras (and pour ghee on the fire with each svaha):

- 1) Om prajapatih visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om pahi no 'cyuta enase svaha
- 2) Om prajapatih visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om pahi no visvavedase svaha
- 3) Om prajapati visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om yajnah pahi hare vibho svaha
- 4) Om prahapatih visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om sarvam pahi sriyah-pate svaha
- 5) Om prajapati visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om pahino 'nanta ekaya, pahi uta dvitiyaya, pahi urjam trtiyaya, pahi girbhish catasrbhih visnoh svaha

- 6) Om prajapati visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om punah urja nivartasva, punah visnoh isa ayusa, punah nah pahi ahamsah svaha
  - 7) Om prajapati visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om saha rasya nivartasva, visno pimbasva dharaya, visvapsnya visvataspari svaha
  - 8) Om prajapatih visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om ajnatam yad ajnatam, yajnasya kriyate mithu, visno tad asya kalpava, tvam hi vettha yathatatham svaha
  - 9) Om prajapatih visnu rsih gayatri chandah sri-visnuh devata prayascitta-home viniyogah om prajapate visno na tvat etani anyo, visva jatani pari ta babhuva, yat-kama te juhumah, tat no 'stu, vayam syamah patayo rayinam svaha

The Aachaarya should now offer ghee soaked wood to the fire silently.

The Aachaarya should now perform Vyasta-Samasta-Mahavyahrti-Homa as follows:

[Offer ghee to the fire with each svaha.]

Om prajapatih visnu rsih gayatri chandah sri-visnu devata vyasta-samasta-mahavyahrti-home viniyogah om bhuh svaha

Om prajapatih visnu rsih usnik chandah sri-acyuto devata vyasta-samasta-mahavyahrti-home viniyogah om bhuvah svaha

Om prajapatih visnu rsih anustup chanda sri-narayano devata vyasta-samasta-mahavyahrti-home viniyogah om svah svaha

Om prajapati visnu rsih brhati chandah sri-ananto devata vyasta-samasta-mahavyahrti-home viniyogah om bhur bhuvh svah svaha

[There are an additional 5 mantras to insert here that Swarupananda will supply]

[I think the following are the correct mantras which are used in the Ajya Homa. Ghee is offered to the fire with each svaha]

om vishno vrata pate vratang carishya am  
tat te prab ravi imi  
tat shake yang ten ardhyaa sang

tat te prabraviimi  
tat shakeyang tenardhyaasang  
idam ahang anrtaat satyang upaimi svaahaa

Then offer one piece of wood to the fire without mantra.

### Vaishnava Homa

Upon completion of the oblations, one should put fuel on the fire without mantra and then perform agni paryuksana by sprinkling water from the pancha patra on the fire with the following mantra:

Om prajapati visnu rsih gayatri chandah sri-aniruddho devata agni-paryuksane viniyogah, om prabho aniruddha! Pra suva yajnam, pra suva yajna-patim bhagaya, pata sarva-bhutasthah ketapuh ketam na punatu, vagisha vacam na svadatu.

Then one should perform udakanjaliseka by sprinkling water on three sides of the fire with the following three mantras:

- 1) One should spinkle the south side of the fire from west to east while chanting: Om prajapati visnu rsih gayatri chandah sri-ananto devata udakanjaliseke viniyogah, om ananta anvamamsthah.
- 2) One should sprinkle the west side of the fire from the south to the north: Om prajapati visnu rsih gayatri chandah sri-acyuto devata udakanjaliseke viniyogah, om acyuta anvamamsthah.
- 3) One should sprinkle the north side of the fire from the west to the east: Om prajapati visnu rsih gayatri chandah sri-visnuh devata udakanjaliseke viniyogah, om sarasvati anvamamsthah.

Then, the darbhajutika-home. Taking kusa grass [or other grass if kusha is not available] in both hands which are spread outward, the Brahman assistant should successively anoint with ghee, the tip, middle (by folding the Kusha in half) and root of the kusa grass while uttering the following mantra each time ghee is put on the kusha.

Om prajapatih visnu rsih gayatri chandah sri-visnuh devata darbh-trnabhyanjane viniyogah, om aktam rihana vyantu vayah

Holding the kusa grass in his left hand the Brahmin should sprinkle it with water, and chanting the next mantra, throw it into the fire using his right hand.

Om prajapatih visnu rsih anustup chandah sri-visnuh devata darbh-jutika-home viniyogah, om bho vaisnavanam adhipate visno! rudrah anticaro vrsa pasun asmakam ma himsit etad astu hutam tava svaha.

Next, purna-homa . One should perform purna-homa by standing and completely satisfying the fire by offering him [as many of the following as are available] mahaprasada, cloth, a brahma thread, fragrance, flower garland, sandalwood, flowers, fruits, betel nut, etc. after chanting the following mantra:

Om prajapati visnu rsih virad gayatri chandah sri-visnuh devata visnu-dasya-yassa-kamasya yajaniya-prayoge viniyogah, om purna-homam yasase visnave juhom, yah asmai visnave juhoti, sa varam asmai dadati, visnoh varam vrne, yasasa bhumi loke svaha.

### Shantidana

The aachaarya chants:

Om prajapati visnu rsih gayatri chandah sri-visnuh devata shanti karmani jape viniyoga.

Om bhu bhuvah svah kaiya nah citre abhu but utishada vrdha sakha kaiya shatishtaiya bhrta.

Om bhu bhuvah svah kah tva satya madhanang manghishta mat sat andhasha dridha cit aruje basu.

Om bhu bhuvah svah abhi shu na sakhinam abita joritrimam satam bhabasi utaye.

Then read Svasti vaachan (below) from Archan Kahn ending with sarvveshvareshvaro dadhaatu.

### Svasti Vaachan

om svasti no govindah svasti no 'chyutaanantau svasti no vaasudevo vishnur dadhaatu.

Svasti no naaraayano naro vai, svastinah padmanaabhah purushottamo dadhaatu.

Svasti no vishvakseno vishveshvarah, svasti no hrshikesho harir dadhaatu.

Svasti svasti sumangalaih kesho mahaan shri-krshnah sachchidaananda-ganah sarvveshvareshvaro dadhaatu.

The following (Shantidan) is done three times.

Use a bunch of kusha wrapped into a bundle like the end of a broom and dipping the loose ends into water from the abhyukshana patra use it to throw water as follows:

Throw water towards the heavenly planets while chanting Om dyaugh shanty.  
Then throw water to the sky (ether) while chanting Om antariksha shanty.  
Then throw water to the earth while chanting Om priti shanty.  
Then throw water to the water while chanting Om apo shanty.  
Then throw water to the air while chanting Om vayu shanty.  
Then throw water to the fire while chanting Om tejo shanty.  
Then throw water to all the medicine giving plants while chanting Om oshdhaiya shanty.  
Then throw water to all the planetary systems while chanting Om loka shanty.  
Then throw water to the brahmins while chanting Om brahminah shanty.  
Then throw water to the vaishnavas while chanting Om vaishnava shanty.  
Then pray for shanty (peace) for everyone (let there be peace, let there be satisfaction) om shantir astu dhrtir astu

Then chant om shanti, om shanti, om shanti.  
(Repeat entire procedure three times.)  
END OF SHANTIDAN

Karma-karayita -- according to one's ability new initiates should give daksina to the priest of the yajna and according to one's ability one should give daksina to the vaisnavas and other brahmanas for five days.

Then you can put out the fire by adding sufficient water to do so.  
Mix some ghee with ash from the fire and apply to the middle of the forehead of all present.

One should serve the Vaisnavas of Krsna and satisfy all other living entities according to one's ability. One should perform Sri-Krsna-Sankirtana with the Vaisnavas. If one is unable to do that, he should chant the name of Krsna. Then one should offer his dandavats to all.  
Thus ends the Udicya-karma

Someone should instruct the new Brahmins how to place paita around the ear when using the toilet, how to change old paita for new, how to do achaman, etc.

### Explanation of terms.

#### arghya-

The arghya mixture may contain flowers, white rice, barley, sesame, darbha grass, kuça tips, white mustard seeds, and gandha (sandalwood paste)—all mixed with water—or it may consist of yogurt, milk, white rice, kuça tips, barley, sesame, and white mustard seeds—all mixed with water. Alternatively, you may simply add sandalwood paste to fresh water.

#### Madhuparka-

Madhuparka, composed of the auspicious elements of cow milk, yogurt, ghee, honey, and sugar, is a high-class refreshment given to a respected person. Alternatively, you may offer a mixture of yogurt, honey, and ghee. If honey is unavailable you may use guḍa (raw sugar); if ghee is unavailable you may use puffed rice, and if yogurt is unavailable you may use milk. According to some authorities, madhuparka should have four parts honey and one part of each of the remaining ingredients.
